Master Susana Pereira

Assistant Professor of IADE-UE

Chair of Drawing and Visual Communication Curricular Unit

susana.pereira@universidadeeuropeia.com

To whom it may concern,

Joana is my student at this Curricular units of the Design's Degree, in this first year she attended Drawing and Visual Communication (6 ect).

My lesson is practical and I can affirm that I remember every project she developed. The student has always distinguished herself from her classmates for the quality of her final projects, her commitment in problem solving and her speed of execution.

In the close contact we have maintained over this period (long practical classes), I can attest that Joana has demonstrated undeniable work qualities, besides possessing good character and being attentive at what surrounds her, punctual and resilient.

She revealed a remarkable technical preparation, intellectual capacities and visual culture above average, as well as an outstanding predisposition for study and investigation.

For the qualities I note, and because I know she's an exemplar student, for being requested of me, it's with pride I recommend Joana for your institution.

King regards,

Master Susana Pereira
